Remarks

An impossible find! Nine bucolic acres surround this classic and updated New England Colonial. Privately sited at the end of stunning approach and circular drive. You enter the impressive foyer to find a view from every window. The freshly remodeled kitchen with gas range and center island opens to the seating area and family room beyond. First floor office and large entertainment size living room with fireplace steps out to the back patio. Four second floor bedrooms include the primary with seating area and additional large 'teen suite.' An attached two-car garage PLUS a separate additional two-car garage provide four spaces for all your vehicles and toys with storage above. Your wide open meadow provides spectacular vistas all year round. The far back wooded acres abut Mumford Forest and trails. Enjoy the view, garden away, or add a pool and tennis courts. It is so refreshing to find a setting so open and private in popular South Natick.
